AN ALLIANCE FORMED

Germany and England Makes Agreement as to Chinese Ports.

WILL BE KEPT OPEN

They Declare Their Intention Is Not to Take any Territorial Advantage, but Merely to Protect Their Interests There.

London, Oct. 20. — Germany and England have formed an alliance to maintain territorial integrity of China and keep the ports open. The terms of this agreement which were arrived at on Oct. 16, between Lord Salisbury and Count von Hatzfeldt, the German ambassador to England, is officially given out as follows:

"The German government and her British majesty's government, being desirous to maintain interests in China and rights under existing treaties, have agreed to observe the following principles regarding the mutual policy in China.

"1. It is a matter of just permanent international interest that ports on the rivers and latters of China remain free and open to trade and every other legitimate form of economic activity for the people of all countries without distinction, and the two governments agree on their part to uphold the same for all Chinese territory as far as they can exercise influence."

"2. Both governments agree they are not on their part to make use of the present complication to obtain for themselves any territorial advantage in the Chinese dominion and direct such a policy towards maintaining undiminished territorial condition in the Chinese empire.

"3. In case of another power making use of the complications in China in order to obtain under any form whatever of such territorial advantages, the two contracting parties reserve to themselves the right to come to a preliminary understanding regarding the eventual step to be taken for the protection of their own interests in China.

"4. The two governments communicate this agreement to the other powers interested, especially Austria, Hungary, France, Italy, Japan, Russia and the United States and invite them to accept the principles recorded in it."

ARBITRATION IN CHINA.

Germany Holds the Strongest Claim Against Such a Step.

Washington, Oct. 20. — Arbitration of the entire Chinese question has not yet been a serious consideration by officials and diplomats here, but its advantages are so manifest that some of the powers would welcome a solution effected by this peaceful means. One important reason why its adoption has not been urged is that Germany would probably not consent to allow the arbitration of claims she will present growing out of the murder of Baron von Ketteler, her minister to China, taking the ground that her national honor is involved and this cannot be a subject of arbitration.

As officials think of the matter they can see another reason against arbitration and that is as all the great powers are involved in the Chinese troubles, it would be impossible to obtain arbitrators free from prejudice. It is further pointed out that the peace negotiators, who are to sit in Peking, can do as effective work in the way of bringing about peace as would a board formed of the representatives of the powers at any other places.

Notwithstanding the failure of the imperial court to return to Peking, there is reason to believe that pressure is still being exerted upon the emperor and the empress dowager to induce them to go their capital. It is understood that this government has expressed a willingness to reduce the strength of its legation guard if the imperial court will resume its seat at Peking. Minister Wu has cabled this fact to Li Hung Chang for presentation to the emperor and empress dowager. So long, however, as other nations maintain armies in the capital it is unlikely that the court will return.

A Bold Robbery.

Huntsville, Ala., Oct. 20. — Two unknown men entered Kelly's store at Normal and, covering the proprietor, Walter Kelly, and his clerk with pistols, took the contents of the cash drawer, amounting to \$200, and went away. The robbers also secured a fine pistol and several dollars in stamps from the post-office, that was kept in the store.

Iron Mountain Train Wrecked.

Coffeyville, Kas., Oct. 20. — The Iron Mountain passenger train from the south was wrecked 20 miles south of this city. The baggage car was completely demolished and the mail car badly damaged. No one was killed. The wreck was caused by the breaking of the trucks under the tender.

British Demand a Railroad.

Lorenzo Marques, Oct. 20. — Local railroad authorities have been instructed to hand over to the British authorities all the rolling stock of the Netherlands road.

Smallpox at Hamilton.

Anstin, Oct. 20. — State Health Officer Blunt left here for Hamilton county in response to telegraphic advices, informing him of the existence of smallpox at Hamilton.

NO PLOT FOUND.

Investigation Reveals No Plot at Paterson to Kill King Humbert.

New York, Oct. 20. — Supreme Court Commissioner Trimble of New Jersey, having completed his investigation, declares it to be his conviction that no anarchist plot existed in Paterson or West Hoboken for the assassination of the King Humbert of Italy. He believes that Bresci planned the murder after going abroad.

Under his official seal the commissioner will submit to the New Jersey supreme court 222 pages of typewritten testimony taken from 30 witnesses, a copy of which will be forwarded to the Italian authorities by Governor Voorhees. While there is nothing to connect King Humbert's assassination with the letter in which Speraldio Coribone predicted, Mr. Trimble thinks that the assassination was more than a coincidence, and the intimation in the letter that it would take place, by no means the act of an unbalanced mind.

Ernesta Cavello, the so-called "anarchist queen," was among the last of the witnesses examined. She said that she knew Bresci well, and that he had told her business called him abroad. She denied that the assassination of King Humbert had ever been suggested by Bresci or any of the associates in her hearing. She declared that Paterson anarchists were astonished at the news of the assassination.

Edward McCabe, the Paterson manager of the Postal Telegraph company, again refused to surrender dispatches, said to have been received by anarchists from Italy. Commissioner Trimble said the Italian government would be able to get them from where they originated.

A Total Wreck.

Seattle, Wash., Oct. 20. — The Pacific coast steamship Oricaba which was wrecked on Rocky Point reef, St. Michaels island, on Sept. 17, while laying the government telegraph cable between Nome and St. Michaels, is a total loss. The vessel was abandoned Sept. 17, according to a dispatch received here. Ten days constant effort to haul her off resulted in failure. The Oricaba hung so hard and fast that those engaged in the effort to float her left her to her fate. Her crew was taken to St. Michaels. The cable and all the apparatus aboard the steamer were taken off and stored at St. Michaels.

Two Alabamians Honored.

Montgomery, Oct. 20. — Ten thousand Alabamians greeted General Wheeler and Lieutenant Hobson in Montgomery Friday. Some months ago the idea was originated for citizens of Alabama to present Hobson a loving cup in commemoration of his daring act in Santiago harbor. This movement culminated Friday when General Wheeler presented the cup to Lieut. Hobson. The streets were so thronged, that it was with difficulty the procession passed up Dexter avenue to the capitol, on the steps of which the ceremony took place.

A Sun Glass Set Fire to Powder.

Rockport, Tex., Oct. 20. — The 9-year-old daughter of Mrs. Will Young, who lives five miles south of here, while playing with a sun glass, set fire to a paper sack containing 2½ pounds of powder. The explosion that followed blew out the entire end of the house. The little girl was badly burned from head to foot, but it is thought she will recover. Her mother had her hands severely burned while tearing the child's burning clothing from her body.

Has Money to Burn.

Sherman, Tex., Oct. 20. — People have money to burn in the Indian Territory and come to Sherman to prove it. A well known resident of the Durant section was in the city and, having left his pipe of peace at home, clipped a \$10 bank note in three pieces, using them for cigarette papers, passing them to friends and enjoyed the incident hugely. The cigarette stumps are being preserved here as souvenirs of the occasion.

Diphtheria in Corsicana.

Corsicana, Tex., Oct. 20. — Quite a stir has been created in the city by six new cases of diphtheria being reported to the health authorities, the cases being scattered over the west side, the principal residence section of the city. In every case the premises have been flagged and isolated and every precaution is being taken to prevent any further spread of the disease.

Ex-Senator Hill at Chicago.

Chicago, Oct. 20. — An audience of 5000 crowded the Second regiment armory Friday night to listen to an address by former Senator David B. Hill of New York. A great number of people were unable to get into the armory, and for their benefit several outdoor speeches were made by local orators.

Questions for Women

Do you have periodical pains? Do you have frequent backaches? Are you nervous? Are you continually exhausted? Do you suffer every month? If you answer "yes" to any of these questions you are suffering from ills which Wine of Cardui cures. Do you appreciate what perfect health would be to you? After taking Wine of Cardui, thousands like you have realized it. Wine of Cardui insures freedom from female diseases. At each recurring menstrual period, if care be not taken, slight ailments will appear. Nervous strain, loss of sleep, cold or indigestion start disorders which are not noticeable at first, but day by day steadily grow into troublesome complications. Wine of Cardui, used just before the menstrual period, will keep the female system in perfect condition and render it invulnerable to disease. The medicine is taken quietly at home. There is nothing like it to help women enjoy good health. Wine of Cardui costs only \$1. Test this remedy, which is indorsed by 1,000,000 cured women.

WINE OF CARDUI

Cairo, Ky., Sept. 6, 1899.

I take pleasure in writing a few lines in praise of your wonderful medicine, Wine of Cardui. It is the best medicine I ever heard of. I am thirty-six years old and have been sick all my life. I had a dozen doctors, but none of them did me any good. I have taken one bottle of Wine of Cardui and will take another with Black-Draught. I have been married six years and have a baby five years old. I had womb and kidney trouble. My monthly period was so bad that sometimes it came twice a month. I was too sick to do work for a family of three. I was in bed when I got the bottle of Wine of Cardui. Now I am up and can do most of my work. When I was sick I could not sleep at night. I sleep well at night now. A friend of mine advised me to use Black-Draught with Wine of Cardui.

More Money Needed.

The soliciting committee to raise funds to secure the Ursuline convent worked hard yesterday and succeeded in raising about \$1,500, or three-fourths of the amount desired. They hope to be able to secure the remainder without delay, and to that end the Eagle would urge upon all who have not contributed the necessity for immediate and liberal help. The chance to secure this splendid institution is the opportunity of a life time, and one Bryan cannot afford to disregard. Once located here, it will grow in importance and advantage with the years and become a potent factor in the advancement and up-building of the town.

Bryan now has ten passenger trains in twenty-four hours, six on the H. & T. C. and four on the C. W. & B. V., two of the latter being mixed trains. This is an increase of six trains within a few months. Another year will witness the completion of the C. W. & B. V. through to its Houston connection and give us twelve trains a day no doubt.

Music Recital.

The music recital given at the A. and M. college Friday evening under the direction of Mrs. J. G. Harrison, for the benefit of the literary societies, was in every way delightful and successful. The attendance was large and the receipts correspondingly gratifying, while those present pronounced the entertainment one of the best ever given at College. The success of the event was largely due to the tact and energy of Mrs. Harrison, and freely accorded to her by all. Those taking part in the program were Mrs. Harrison, Mrs. W. B. Philpott, Miss Adams, Miss Howell, Miss Porter, Mrs. J. Webb Howell, Prof. Miller, Prof. E. W. Kerr, Prof. Alvord, Mr. Heaton, of Kyle. The entertainment ended with a cake walk by some of the students, which was much enjoyed.

Prof. W. C. Martin looked after the business details of the entertainment and reports that the receipts amounted to \$50.00. On behalf of Presidents, Storey of the Caliopean society and Carpenter of the Austin society the Eagle is requested to return thanks those attending the recital and especially to those who took part in it.

That pleasant and refined comedy, "Mistakes Will Happen," still delights laugh-lovers, and the longer it runs the better that finished fun-maker, Charles Dickson, appears. In the Crescent Theatre last night, where the play was introduced in New Orleans for the second time (it having been played at the Tulane theatre last season), one of the biggest of audiences was pleased by the sparkling lines and ludicrous situations. "Mistakes Will Happen" was new to the gallery gods in the play house, but they seemed to like the comedy as well, if not more, than horse play. "Mistakes Will Happen" deals with the ups and downs of an actor-author. Tom Genowin was the leading man of the Morality theatre. He had married one of the company in secret, for the manager objected to having married couples in his employ. Incidentally the actor wrote a play, but no one wanted to read it. From that Grant Stewart worked out his clever comedy, introducing the most tangible situations that are sure to make the most sedate laugh. It requires a good actor for the part of Genowin. That is why Mr. Dickson is playing it, and he is full of life and drooleries.—From the New Orleans Picayune, Oct. 15. "Mistakes Will Happen" will be presented at the Grand opera house Wednesday, Oct. 24.

OVER BRAZOS COUNTY

The Eagle's Out of Town Hustler on His Third Annual Trip, Writes About Matters and Things Seen on the Road.

Traveling through that portion of Brazos county south of Bryan, as far as Millican, in the interest of the Eagle's subscription list, the writer covered the following and other communities:

College community,
Providence,
Rock Prairie,
Green's Prairie,
Minter Springs,
Peach Creek,
Wellborn,
Millican.

Cotton is about picked out in these communities, and the short crop and absence of any crop except cotton, causes considerable complaint. If the farmers had any profitable employment from now until spring planting time, the short crops would not be seriously felt, but to fix up the fences, improve houses and open new land, where it is wanted, afford the only employment which amount to much until planting time. The good price of cotton, of course, is a silver lining to the otherwise cloudy situation.

Some citizens, as usual on short crop years, talk of moving. West Texas is getting some immigration from Brazos county now, and some look with favor even to the high priced land of north Texas. The writer believes, however, that when all things are considered and weighed well, the farmers of this section will offset the advantages and disadvantages of this and other sections, and that the population of Brazos county will not suffer much from emigration after all.

The farmers are beginning to learn that the greater amount of grazing land in this section, affording cheap grass for cattle, constitute an advantage over the thickly settled and fenced up country of north Texas. Many are taking advantage of this and improving stock, grading their common cattle with Devons and Durhams, which make marketable beef steers.

These communities, one year ago, were considerably sprinkled with young orchards, and there was great talk of planting more, and of raising vegetables for market, all of which was to help out the cotton crop. But the big floods washed away many crops of garden truck, and the storm injured or ruined some of the orchards, giving that movement a setback. But the people should not be thus discouraged. These storms and floods are unusual, and have really given the truck growers of this county a big advantage. The storm was ten fold worse in south Texas than here, and south Texas will not supply the markets next year with more than half as much as it did the past year, and growers in this part of the state are thus given a show at the markets.

J. V. Rosprim has completed a nice residence at his store near Providence. Mr. S. J. Dowling intends to make some improvements to his home, and the reporter noticed various signs of improvement in many places.

The Norris & Rowe Show.

The city was crowded yesterday with people who came to sell their cotton and buy supplies, and also to take in the popular Norris & Rowe trained animal show, which proved to be one of the best of its kind traveling. The street parade at noon was lengthy and creditable, and viewed by hundreds from the sidewalks. Two performances were given, one in the afternoon and the other at night. The performances of the numerous trained animals are truly wonderful, and are a never ceasing delight, especially to the boys and girls. The performing animals include ponies, dogs, elephants, monkeys, sea lions, a zebra, etc., and the entertainment is no less instructive than pleasing.

THIS IS TO REMIND YOU

That all groceries are not alike. Some are made from cheap materials by poor machinery, and very little care is given to the work. That's the dangerous kind because it's likely adulterated. That's the kind you would do well to let alone. Others are made from the choicest materials, much care is given to the work, skilled labor is employed, and much money is spent in making them right—that's the kind that gives health, brain and brawn; you will find that kind in the list below:

Graham Flour 5 lb package 25c;
Cracked Wheat 5 lb package 25c;
Grains of Gold 5 lb package 25c;
Farina 1 lb package 10c, 3 for 25c;

MINERS SUSPICIOUS.

The Leaders Believe a Move on Foot to Down the Union.

Scranton, Pa., Oct. 20.—It is practically certain that the miners will not be back to work Monday as was expected from the action of the Philadelphia conference of operators on Tuesday and Wednesday and the Scranton conference. Some of the biggest of the local companies are balking at the agreement to continue the 10 per increase in force until April 1, 1901, as demanded by the miners. They were all willing enough Thursday to amend their notices to conform to this demand, but now they seem to have undergone a change of heart, and only one operator of any prominence would say outright that he would make the modification. They say it would be humiliating for them to come with an amendment to their notices.

Some leaders are growing suspicious that there is some kind of an agreement between the coal companies by which they expect to break up the miners' union. The offer of the Reading company and the opposition to the same on the part of some of the companies is something the labor leaders cannot understand. At the conference in Philadelphia on Wednesday, the Lehigh Valley agreed to the same terms as the Reading, so far as their Lehigh collieries were concerned, but the company refuses, so the strikers allege, to make the same concessions to their employees in the Wyoming region. The officers of the United Mine Workers here say there is no consistency in that.

The action of the Lackawanna, Ontario and Western, the Pennsylvania company and other large producers in combining with the Lehigh Valley on the powder question tends to confirm the views entertained by the officers of the union, that a concerted effort is to be made by the companies to get the better of the union and incite a break in the ranks of the strikers.

Dressmakers on Strike.

Minneapolis, Oct. 20.—The dressmakers in this city over 200 in number have struck for a 10-hour day, extra pay for overtime and no reduction in wages for the new hours. A few employers have granted the demands of the union. The wages range from \$6 to \$10 per week.

New Sea Serpent Discovered.

Vancouver, B. C., Oct. 20.—A new sea serpent has been discovered on the coast of Japan, 100 miles from Tokyo. It is classed by scientists as a coelocentate, and one of the most gigantic ever seen. It was caught by a long fishing line at a depth of 250 fathoms. It was a magnificent specimen. A large disc surmounted a long stalk which evidently fixed the animal on the sea bottom. A circle of numerous graceful tentacles hung down from the margin of the disc, while on its upper surface arose an oval tube surrounded at its base by bushy appendages and having a second circle of slender tentacles around the upper edge. The total height of the animal was 700 millimeters, and the prevailing color transparent scarlet. The specimen is entirely fresh but not living.

Paying the Tribal Tax.

Muskogee, I. T., Oct. 20.—Indian Agent Schoenfeld reports that the proprietors of all the stores which were closed at Ardmore a few days ago for non-payment of tribal taxes have complied with the recent ruling of the secretary of the interior and paid their taxes, with the exception of one, who was removed from the territory.

Smallpox at Wewoka.

Muskogee, I. T., Oct. 20.—Judge J. R. Thomas announced in court here that he is in receipt of a letter from Wewoka, in the Seminole Nation, stating that the constable of that district was afflicted with smallpox and that others were also afflicted with the disease. The United States court is to convene at Wewoka on Nov. 5.

Serious Wreck.

Caldwell, Tex., Oct. 20.—A costly freight wreck occurred three miles south of here. A northbound freight was crossing Division Creek when a car left the track. Eighteen cars were totally wrecked and burned as was also a part of the trestle. No lives were lost. The loss to the railroad company is about \$25,000.

YOUTSEY CONVICTED.

Given a Life Sentence for the Goebel Murder Case.

UNANIMOUS VERDICT.

A Motion to Arrest Sentence Has Been Prepared and Judge Cantrill Granted It on Account of Youtsey's Condition.

Georgetown, Ky., Oct. 20.—"We, the jury, find that the defendant is guilty and fix punishment at life imprisonment." This was the verdict returned by 12 men who were selected to try Henry E. Youtsey, one of the principals in the murder of William Goebel.

When the jury was called this morning, Judge Cantrill asked: "Gentlemen, have you made a verdict?"

Foreman R. M. McCabe nodded his head.

"Pass up the papers to the clerk," said the judge.

The sheriff passed them up and the clerk read the verdict.

"Gentlemen, is that your verdict?" asked the judge.

"It is," was the reply.

"Gentlemen, you are now finally discharged, and you can call on the trustees of the jury for your pay," said the

HENRY E. YOUTSEY.

judge to the jury. The jury walked out and the trial was at an end.

It is learned from one of the jurymen that no ballot was taken Friday night, though it was practically agreed a verdict of guilty would be found. The vote was unanimous that he was guilty of that degree of punishment, but on this the jury was somewhat divided as to life sentence.

Attorneys for the defense are preparing a motion for an arrest of judgment which is likely to be sustained, thus postponing the sentence of Youtsey till the next term of court which meets in February. Of course an appeal can be taken also but it need not be prosecuted until after February, in case a motion for the arrest of judgment is sustained.

It is likely a jury will be empanelled as soon as practicable to inquire into Youtsey's sanity.

Later in the day the defense filed the motion to arrest the judgment and Judge Cantrill set the time for hearing the second day of the February term and therefore Youtsey will not be sentenced till next year, if then.

On the judge's own motion he entered an order to have Youtsey moved to the Frankfort jail for safe keeping.

Contest for a Cemetery.

Fort Scott, Kas., Oct. 20.—M. J. Coventry, owner of the principal burying ground for this city, was required by a writ of mandamus to surrender the cemetery and all the books, records, etc., appurtenant to it to a board of directors elected by the lot owners. The lot owners recently organized and demanded possession of the cemetery under an old law which forbids the running of cemeteries as private enterprises. The cemetery was originally owned by a stock company, but Mr. Coventry gradually acquired the stock at a cost of \$6000. He will go to the higher courts.

Advance in Linseed Oil.

Chicago, Oct. 20.—The largest advance in linseed oil ever made in one time came Friday when the American Linseed Oil company jumped the price from 60 to 70 cents for raw. This is due to the recent advance of 40 cents in flaxseed, which is only equal to 15 cents on oil. The trade in oil is good. The trust controls the flaxseed market, and is largely responsible for its advance.

Yellow Fever at Havana.

Havana, Oct. 20.—There are 92 cases of yellow fever in Havana. Nineteen Americans are down with the disease. The death rate among the American victims has been 8 per cent. The fever is decreasing now. There is no disposition on the part of the authorities to misrepresent the situation. The coming of so many Spanish immigrants has been the cause of the increase over last year.

Kruger Leaves South Africa.

Lorenzo Marques, Oct. 20.—The Dutch cruiser Gelderland with President Kruger on board has sailed from here. She will call at Dar-Es-Salem, Tanga, Jibuti and Marseilles.

Weyler Again Promoted.

Madrid, Oct. 20.—General Weyler, former captain general of Cuba, has been appointed captain general of Madrid.
